## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Mayde Creek Municipal Utility District  
Harris County, Texas

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Mayde Creek Municipal Utility District (the "District") as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of August 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedules of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund and Special Revenue Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors  
Mayde Creek Municipal Utility District

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED AUGUST 31, 2022**

Management's discussion and analysis of Mayde Creek Municipal Utility District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended August 31, 2022. Please read it in conjunction with the District's financial statements.

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

**FUND FINANCIAL STATEMENTS**

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Special Revenue Fund accounts for financial resources collected and administered by the District for the operation of the regional sewage treatment plant. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED AUGUST 31, 2022**

**FUND FINANCIAL STATEMENTS (Continued)**

Governmental funds are reported in each of the financial statements. The focus in the fund financial statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

**NOTES TO THE FINANCIAL STATEMENTS**

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

**OTHER INFORMATION**

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). Budgetary comparison schedules are included as RSI for the General Fund and the Special Revenue Fund.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities by \$13,108,301 as of August 31, 2022.

A portion of the District's net position reflects its net investment in capital assets (e.g. land and improvements, buildings and equipment as well as water, wastewater, drainage and recreational facilities less any debt used to acquire those assets that is still outstanding).

The following is a comparative analysis of government-wide changes in net position:

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED AUGUST 31, 2022**

**FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS**

The District's combined fund balances as of August 31, 2022, were \$10,100,013, an increase of \$925,146 from the prior year.

The General Fund fund balance increased by \$988,307, primarily due to property tax and service revenue exceeding operation costs.

The Special Revenue Fund is revenue neutral. Costs incurred are billed to participants on a monthly basis.

The Debt Service Fund fund balance decreased by \$63,161, primarily due to the structure of the District's outstanding debt.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The Board of Directors did not amend the budget during the fiscal year. Actual revenues were \$144,866 more than budgeted revenues and actual expenditures were \$79,433 less than budgeted expenditures resulting in a positive variance of \$224,299.

**CAPITAL ASSETS**

Capital assets as of August 31, 2022, total \$9,191,039 (net of accumulated depreciation) and include land and improvements, buildings and equipment as well as the water, wastewater, drainage and recreational systems.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2022	2021	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 735,900	\$ 735,900	\$
Construction in Progress		609,621	(609,621)
Capital Assets, Net of Accumulated Depreciation:			
Recreational Facilities	383,787	528,656	(144,869)
Water System	2,151,553	2,404,057	(252,504)
Wastewater System	3,210,039	2,730,877	479,162
Drainage System	1,994,872	2,059,752	(64,880)
Meeting Facility	714,888	709,257	5,631
Total Net Capital Assets	<u>\$ 9,191,039</u>	<u>\$ 9,778,120</u>	<u>\$ (587,081)</u>

Additional information on the District's capital assets can be found in Note 6 of this report.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED AUGUST 31, 2022**

**LONG-TERM DEBT ACTIVITY**

At the end of the current fiscal year, the District had total long-term debt payable of \$7,330,457.

The changes in the debt position of the District during the fiscal year ended August 31, 2022, are summarized as follows:

Bond Debt Payable, September 1, 2021	\$ 8,295,927
Less: Bond Principal Paid	<u>965,470</u>
Bond Debt Payable, August 31, 2022	<u><u>\$ 7,330,457</u></u>

The Series 2012 bonds carry an underlying rating of “A” from Standard and Poor’s Ratings Services and an insured rating of “AA” by virtue of bond insurance issued by Assured Guaranty Municipal Corp. The Series 2016A and Series 2016B bonds carry an underlying rating of “A3” from Moody’s Investors Services and an insured rating of “AA” by virtue of bond insurance issued by Build America Mutual Assurance Company. The Series 2018 bonds carry an underlying rating of “A3” from Moody’s Investors Services and an insured rating of “AA” by virtue of bond insurance issued by Assured Guaranty Municipal Corp.

**CONTACTING THE DISTRICT’S MANAGEMENT**

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
AUGUST 31, 2022**

Total Fund Balances - Governmental Funds \$ 10,100,013

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital contributions to the West Harris County Regional Water Authority are not current financial resources and, therefore, are not reported as assets in the governmental funds. 975,284

Bond insurance premiums paid at closing are amortized over the term of the refunding bonds. 16,891

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds. 9,191,039

The difference between the net carrying amount of the refunded bonds and the reacquisition price is recorded as a deferred outflow of resources in the governmental activities and systematically charged to interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter. 129,709

Deferred inflows of resources related to property tax revenues and deferred penalty and interest revenues on delinquent taxes for the 2021 and prior tax levies became part of recognized revenues in the governmental activities of the District. 170,427

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year-end consist of:

Accrued Interest Payable	\$ (22,194)	
Bonds Payable Within One Year	(1,000,457)	
Bonds Payable After One Year	<u>(6,452,411)</u>	<u>(7,475,062)</u>
Total Net Position - Governmental Activities		<u><u>\$ 13,108,301</u></u>

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
RECONCILIATION OF THE GOVERNMENTAL FUND STATEMENT OF  
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED AUGUST 31, 2022**

Net Change in Fund Balances - Governmental Funds	\$ 925,146
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the government-wide financial statements, revenues are recorded in the accounting period for which the taxes are levied.	(13,459)
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the government-wide financial statements, revenues are recorded when the penalty and interest are assessed.	16,903
Governmental funds report West Harris County Regional Water Authority credits as revenues. However, in the government-wide financial statements, the principal portion of the credits decreases long-term receivables and the balance is recorded as investment revenue.	(69,650)
Governmental funds do not account for depreciation. However, in the government-wide financial statements, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(694,709)
Governmental funds report capital asset costs as expenditures in the period purchased. However, in the government-wide financial statements, capital assets are increased by new purchases that meet the District's threshold for capitalization, and are owned and maintained by the District. All other capital asset purchases are expensed in the Statement of Activities.	107,628
Governmental funds report principal payments on long-term debt as expenditures. However, in the government-wide financial statements, principal payments decrease long-term liabilities and the Statement of Activities is not affected.	965,470
Governmental funds report interest payments on long-term debt as expenditures in the year paid. However, in the government-wide financial statements, interest is accrued on the debt through fiscal year end.	6,427
Change in Net Position - Governmental Activities	<u>\$ 1,243,756</u>

The accompanying notes to the financial statements are an integral part of this report.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 1. CREATION OF DISTRICT**

Mayde Creek Municipal Utility District, located in Harris County, Texas, (the “District”) was created effective July 23, 1973, by the Texas Water Commission, presently known as the Texas Commission on Environmental Quality (the “Commission”). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, wastewater service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct and maintain parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on August 3, 1973, and the first bonds were sold on August 20, 1979.

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

The District has entered into a joint operations agreement with Clay Road Municipal Utility District and Ricewood Municipal Utility District for wastewater disposal. The District has oversight responsibility for the regional sewage treatment plant. Additional disclosure concerning this joint operations agreement is provided in Note 8.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Financial Statement Presentation (Continued)

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- \* Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- \* Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- \* Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenues and expenses of the government-wide Statement of Activities.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Financial Statements

As discussed above, the District’s fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Governmental Funds Balance Sheet and a Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers these funds to be major funds.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

Special Revenue Fund – To account for financial resources collected and administered by the District for the operation of a regional sewage treatment plant.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenues reported in governmental funds to be available if they are collectable within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long- term debt, which are recognized as expenditures when payment is due.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
AUGUST 31, 2022**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Basis of Accounting (Continued)

Property taxes considered available by the District and included in revenues include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as an expenditure in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost of \$5,000 or more and a useful life of at least two years. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

	<u>Years</u>
Jogging Trails	30
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Budgeting

An annual unappropriated budget is adopted for the General Fund and Special Revenue Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund and Special Revenue Fund budgets for the current year were not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund and Special Revenue Fund present the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets, liabilities, and deferred inflows and outflows of resources associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Governmental Funds Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

*Nonspendable*: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted*: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

*Committed*: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Measurement Focus (Continued)

*Assigned:* amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

*Unassigned:* all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**NOTE 3. LONG-TERM DEBT**

	Refunding Series 2012	Series 2016A Refunding
Amounts Outstanding – August 31, 2022	\$ 2,025,000	\$ 1,540,000
Interest Rates	3.50%	2.00%
Maturity Dates – Serially Beginning/Ending	August 1, 2023/2024	August 1, 2023/2027
Interest Payment Dates	February 1/ August 1	February 1/ August 1
Callable Dates	August 1, 2019*	August 1, 2023*

\* Or on any date thereafter, at the option of the District, in whole or in part, at par plus accrued interest to the date fixed for redemption. Series 2016A Refunding term bonds maturing on August 1, 2024, and August 1, 2026, are subject to mandatory redemption by random selection beginning August 1, 2021, and August 1, 2025, respectively.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 3. LONG-TERM DEBT (Continued)**

	Series 2016B Refunding		Series 2018
	Current Interest Bonds	Capital Appreciation Bonds	
Amount Outstanding – August 31, 2022	\$ 2,065,000	\$ 457	\$ 1,700,000
Interest Rates	3.00%	2.15%	2.65%-3.00%
Maturity Dates – Serially Beginning/Ending	August 1, 2024, 2026	August 1, 2023	August 1, 2028/2030
Interest Payment Dates	February 1/ August 1	February 1/ August 1	February 1/ August 1
Callable Dates	August 1, 2023*	Non- Callable**	August 1, 2025*

\* In whole or in part, or any date thereafter at par plus unpaid accrued interest. Series 2016B Refunding term bonds maturing on August 1, 2025, are subject to mandatory redemption by random selection beginning August 1, 2024.

\*\* The Series 2016B Capital Appreciation Bonds are non-callable. The par value of these bonds is \$457 and the maturity value is \$5,000. Interest on these bonds will be paid at maturity. As of August 31, 2022 the accreted value of these bonds is approximately \$4,910. Accrued interest of \$4,453 has been recorded as liability in the Statement of Net Position.

The following is a summary of transactions regarding the changes in long-term debt for the year ended August 31, 2022:

	September 1, 2021	Additions	Retirements	August 31, 2022
Bonds Payable	\$ 8,295,927	\$	\$ 965,470	\$ 7,330,457
Unamortized Discounts	(13,955)		(4,778)	(9,177)
Unamortized Premiums	181,903		50,315	131,588
Bonds Payable, Net	\$ 8,463,875	\$ -0-	\$ 1,011,007	\$ 7,452,868
		Amount Due Within One Year		\$ 1,000,457
		Amount Due After One Year		6,452,411
		Bonds Payable, Net		\$ 7,452,868

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 3. LONG-TERM DEBT (Continued)**

As of August 31, 2022, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2023	\$ 1,000,457	\$ 217,330	\$ 1,217,787
2024	1,050,000	177,937	1,227,937
2025	1,145,000	141,362	1,286,362
2026	1,175,000	108,262	1,283,262
2027	1,260,000	74,362	1,334,362
2028-2030	1,700,000	102,412	1,802,412
	<u>\$ 7,330,457</u>	<u>\$ 821,665</u>	<u>\$ 8,152,122</u>

As of August 31, 2022, the District had authorized but unissued bonds in the amount of \$5,555,000 for utility facilities and refundings and \$930,000 for recreational facilities.

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount. The Series 2012 and Series 2016A bonds are further payable from and secured by a lien on and pledge of net revenues to be received from the operations of the District's waterworks and sanitary sewer system.

During the year ended August 31, 2022, the District levied an ad valorem debt service tax at the rate of \$0.36 per \$100 of assessed valuation, which resulted in a tax levy of \$1,174,354 on the adjusted taxable valuation of \$326,209,463 for the 2021 tax year. The bond resolutions require that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for maintenance tax.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 4. SIGNIFICANT BOND RESOLUTIONS AND LEGAL REQUIREMENTS**

- A. The bond resolutions state that any profits realized from or interest accruing on investments shall belong to the fund from which the moneys for such investments were taken; provided, however, that at the discretion of the Board of Directors, the profits realized from and interest accruing on investments made from any fund may be transferred to the Debt Service Fund.
- B. The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on each 5<sup>th</sup> year anniversary of each issue.
- C. The bond resolutions state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data to the Municipal Securities Rule Making Board via the Electronic Municipal Market Access (“EMMA”) system, and the state information depository. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

**NOTE 5. DEPOSITS AND INVESTMENTS**

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District’s deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year-end, the carrying amount of the District’s deposits was \$309,819 and the bank balance was \$378,436. The District was not exposed to custodial credit risk at year-end.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 5. DEPOSITS AND INVESTMENTS (Continued)**

Deposits (Continued)

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at August 31, 2022, as listed below:

	Cash
GENERAL FUND	\$ 151,877
SPECIAL REVENUE FUND	49,563
DEBT SERVICE FUND	108,379
TOTAL DEPOSITS	\$ 309,819

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District’s financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District’s investments must be made “with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person’s own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.” No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District’s investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The Texas Comptroller of Public Accounts has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all of its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 5. DEPOSITS AND INVESTMENTS (Continued)**

Investments (Continued)

As of August 31, 2022, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities in Years			
		Less Than 1	1-5	6-10	More Than 10
<u>GENERAL FUND</u>					
TexPool	\$ 8,970,811	\$ 8,970,811	\$	\$	\$
<u>DEBT SERVICE FUND</u>					
TexPool	<u>1,018,377</u>	<u>1,018,377</u>	<u>                    </u>	<u>                    </u>	<u>                    </u>
TOTAL INVESTMENTS	<u>\$ 9,989,188</u>	<u>\$ 9,989,188</u>	<u>\$ - 0 -</u>	<u>\$ - 0 -</u>	<u>\$ - 0 -</u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At August 31, 2022, the District’s investments in TexPool were rated “AAAm” by Standard and Poor’s.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District.

Restrictions

All cash and investments of the Special Revenue Fund are restricted for the regional sewage treatment plant operations. All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes.

The District has financed drainage facilities which a portion of these facilities have been conveyed to other entities for maintenance.

**NOTE 7. MAINTENANCE TAX**

On January 20, 1979, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.25 per \$100 of assessed valuation of taxable property within the District. On May 10, 2008, the voters of the District approved an increase to the levy and collection of a maintenance tax not to exceed \$0.50 per \$100 of assessed valuation of taxable property within the District. During the year ended August 31, 2022, the District levied an ad valorem maintenance tax at the rate of \$0.44 per \$100 of assessed valuation, which resulted in a tax levy of \$1,435,321 on the adjusted taxable valuation of \$326,209,463 for the 2021 tax year. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and wastewater system.

NOTES TO THE FINANCIAL STATEMENTS  
AUGUST 31, 2022**

**NOTE 8. JOINT OPERATIONS FOR WASTEWATER DISPOSAL**

On March 5, 1979, the District, Clay Road Municipal Utility District and Ricewood Municipal Utility District executed a contract providing for the construction and operation of a 126,000 gallons-per-day regional sewage treatment plant. The contract is for a period of 40 years. The contract provides for each district to pay its pro rata share of the construction and engineering costs of the plant and provides for each district to share in any future expansions of the plant based upon each district’s desired capacity in the expansion. Oversight of the plant is exercised by the Board of Directors of the District. Financial activity of the plant has been reported in the financial statements of the District in the Special Revenue Fund. Separate financial statements on the plant may be obtained by contacting the District’s attorney or auditor.

On December 9, 1982, and on April 30, 1984, the parties executed amendments to the existing contract providing for two expansions of the regional sewage treatment plant. On March 16, 1987, the second expansion was completed and currently the plant is capable of processing 2,000,000 gallons per day. On March 18, 2003, the third amendment to the agreement was approved to provide for the sale of 135,000 gallons per day of capacity from Ricewood to Mayde Creek. On December 1, 2004, the fourth amendment to the agreement was executed and states that all districts will fund their pro-rata share of rehabilitative improvements to the regional sewage treatment plant at an estimated cost of \$2,529,984. Effective March 1, 2019, the fifth amendment to the agreement extend the term to June 10, 2019. Effective June 1, 2019, the sixth amendment to the agreement extend the term to August 10, 2019. Effective August 1, 2019, the seventh amendment to the agreement extend the term to October 10, 2019. The District operates the facilities and holds title for the benefit of the participants.

On August 10, 2019, the parties executed an amended and restated waste disposal contract that supersedes and replaces the original contract in its entirety. The term of the contract is for a period of 10 years from the effective date and shall automatically renew for successive one-year terms thereafter, unless earlier terminated.

The participating districts and their respective pro rata share of capacity in the regional sewage treatment plant are as follows:

	<u>Capacity in Gallons per Day</u>	<u>Percentage of Total Capacity</u>
Mayde Creek Municipal Utility District	590,000	29.50%
Ricewood Municipal Utility District	860,000	43.00
Clay Road Municipal Utility District	<u>550,000</u>	<u>27.50</u>
Total	<u><u>2,000,000</u></u>	<u><u>100.00%</u></u>

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 8. JOINT VENTURE FOR WASTEWATER DISPOSAL (Continued)**

Each district is billed monthly based upon actual costs incurred during the prior month as follows:

Fixed costs - include regular, monthly costs that do not fluctuate on the basis of the amount of waste treatment. Allocations are based upon each district's pro rata share of capacity owned in the plant.

Variable costs - consist of operation and maintenance expenses, which shall be paid by each party based on the average number of active connections during the previous 12-month period.

Under the terms of the contract between the districts, a reasonable operating reserve consisting of at least two months estimated operating costs will be established. The District has determined that a reserve of \$150,000 is reasonable. Each district has paid their pro-rata share of the reserve based upon capacity owned in the plant.

The District's pro-rata share of the operating reserve is \$44,250. During the current fiscal year the District recorded \$252,018 for its pro-rata share of the actual operating costs of the plant. A new Joint Operations Agreement is being prepared and plans for adoption will occur in next year's fiscal year end.

**NOTE 9. WATER SUPPLY AGREEMENTS**

Clay Road Municipal Utility District

On February 26, 1980, the District executed an emergency water supply agreement with Clay Road Municipal Utility District ("Clay Road"). The agreement was amended on January 28, 1986 and February 1, 2008. The term of the contract is 40 years. All necessary costs of connection to each district's system were shared equally between the districts. The charge for service to either district is as follows:

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
 NOTES TO THE FINANCIAL STATEMENTS  
 AUGUST 31, 2022**

**NOTE 9. WATER SUPPLY AGREEMENTS (Continued)**

Clay Road Municipal Utility District (Continued)

First Day in Any Calendar Month:

No charge

First and Second Day in Any Calendar Month:

0 to 100 connections	\$	40.00
Each additional increment of 100 connections (or any portion thereof)	\$	40.00

Third and Subsequent Days:

0 to 100 connections	\$	20.00
Each additional increment of 100 connections (or any portion thereof)	\$	20.00

In addition to the payment for water service described above, the receiving district shall also pay to the supplying district any pumpage fees or other charges incurred by the supplying district with respect to the water supplied levied by any regional water authority or other entity lawfully authorized to levy fees or charges for the pumpage of ground water, including a charge per 1,000 gallons of water in the amount charged by the West Harris County Regional Water Authority.

Ricewood Utility District

On February 3, 1982, the District entered into an agreement with Ricewood Utility District (“Ricewood”) to provide emergency water supply services. The agreement was amended on October 22, 1985 to provide for a second point of water interconnection and on October 18, 2011, to provide for a third point of water interconnection. The term of the agreement is for a period of 40 years.

Water delivered during an emergency an emergency will be billed at a rate of \$1.00 per thousand gallons. In addition to the payment for water service described above, the receiving district shall also pay to the supplying district any pumpage fees or other charges incurred by the supplying district with respect to the water supplied levied by any regional water authority or other entity lawfully authorized to levy fees or charges for the pumpage of ground water, including a charge per 1,000 gallons of water in the amount charged by the West Harris County Regional Water Authority.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2022**

**NOTE 9. WATER SUPPLY AGREEMENTS (Continued)**

Harris County Municipal Utility District No. 238

On August 28, 1995, the District entered into an agreement with Harris County Municipal Utility District No. 238 (“District No. 238”). The term of the contract is 35 years. District No. 238 is responsible for constructing the water line to connect to the District’s line. The price to be paid for water delivered shall be \$0.75 per thousand gallons of average daily usage for the number of days water is received. If the supplying district has converted to surface water, the rate per thousand gallons shall be the actual cost to the supplying district to purchase surface water. The agreement was amended on June 28, 1999, to more accurately reflect actual usage of water for billing purposes. On June 8, 2009, the Second Amendment to the Water Supply Agreement was executed with District No. 238. In this agreement, water delivered during an emergency will be billed at the rate of \$0.75 per thousand gallons of “average daily usage”. Methods for calculating average daily usage are predicated upon whether water is recovered from groundwater, treated surface water from the regional water authority or a combination of both sources. The agreement also makes provision for billings between districts should a district, not party to the agreement, supplies water to a participating district and such water supplied is passed through to another participating district. The agreement further provides that should either district be in the process of converting its water disinfection system from chlorine to chloramines a method of notification of such change and appropriate controls of the supply valves must be carefully controlled.

**NOTE 10. WEST HARRIS COUNTY REGIONAL WATER AUTHORITY**

The District is located within the boundaries of the West Harris County Regional Water Authority (the “Authority”). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 1842 (the “Act”), as passed by the 77th Texas Legislature, in 2001. The Act empowers the Authority for purposes including the acquisition and provision of surface water and groundwater for residential, commercial, industrial, agricultural, and other uses, the reduction of groundwater withdrawals, the conservation, preservation, protection, recharge, and prevention of waste of groundwater, and of groundwater reservoirs or their subdivisions, and the control of subsidence caused by withdrawal of water from those groundwater reservoirs or their subdivisions. The Authority is overseeing that their participants comply with subsidence district pumpage requirements.

The Authority charges a fee, based on the amount of water pumped from a well, to the owner of wells located within the boundaries of the Authority, unless exempted. This fee enables the Authority to fulfill its purpose and regulatory functions. The current fee is \$3.70 per 1,000 gallons of water pumped from each well. The District recorded an expenditure of \$136,846 for fees assessed during the current fiscal year.

**MAYDE CREEK MUNICIPAL UTILITY DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
AUGUST 31, 2022**

**NOTE 10. WEST HARRIS COUNTY REGIONAL WATER AUTHORITY**  
(Continued)

The District also recorded an expenditure of \$467,528 for water received from the Authority during the current fiscal year. The current rate is \$4.10 per 1,000 gallons of water received.

On April 20, 2005, the District made a capital contribution of \$861,186 to the Authority for the District's share of surface water facilities. The Authority will provide the District monthly reimbursement credits over 306 months to be applied against all fees, rates, and charges due from the District for groundwater pumpage fees or surface water purchased after June 1, 2005. The reimbursement credits include an issuance cost component of \$7,832 and interest at 4.7264% from June 1, 2005 through the date that the 306<sup>th</sup> credit is applied by the Authority. The District began receiving credits in June 2005. Total credits received in the current fiscal year were \$58,704 of which \$38,779 was principal and \$19,925 was interest.

The following is a schedule of the remaining reimbursement credits to be received under the terms of the agreement.

Fiscal Year	Principal	Interest	Total
2023	\$ 40,652	\$ 18,052	\$ 58,704
2024	42,616	16,088	58,704
2025	44,674	14,030	58,704
2026	46,832	11,872	58,704
2027	49,094	9,610	58,704
2028-2031	176,537	14,251	190,788
	\$ 400,405	\$ 83,903	\$ 484,308

On January 25, 2010, the District made an additional capital contribution of \$867,135 to the Authority. The Authority will provide the District monthly reimbursement credits over 310 months to be applied against all fees, rates, and charges due from the District for groundwater pumpage fees or surface water purchased after March 1, 2010. The reimbursement credits include an issuance cost component of \$10,038 and interest at 4.5725% from March 1, 2010 through the date that the 310<sup>th</sup> credit is applied by the Authority. The District began receiving credits in March 2010. Total credits received in the current fiscal year were \$57,924 of which \$30,871 was principal and \$27,053 was interest.

	<u>\$ 574,879</u>	<u>\$ 192,644</u>	<u>\$ 767,523</u>

**NOTE 11. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

**NOTE 12. INTERFUND BALANCES**

As of August 31, 2022, the District had the following significant interfund liabilities. The Debt Service Fund (Tax Account) owed the General Fund \$51,417 for maintenance tax collections. The General Fund owed the Special Revenue Fund \$38,827 for purchased sewer services.
